Come and visit us and feel the warmth

- we provide a difference

To visit a home and experience our hospitality, please contact the Home Manager who will be happy to show you around and discuss your requirements

We are registered and regulated by the CQC and CI. For all of the latest inspection reports please refer to the individual homes on our website.

And So Much More...

An experience in quality care

Advinia operates a network of homes providing a full spectrum of care services.

We know choosing a care home is a difficult decision, and we pride ourselves on providing a homely environment without an institutional feel.

Individuality is at the heart of our care and we ensure personal choice and that family wishes are respected

Staff are carefully selected for their experience and qualifications and their desire to work with our residents. We recruit seeing a caring passion and postive attitude in people's hearts.

Well trained and skilled staff are crucial to the well-being of our residents and our on-going training programme ensures a high standard of care and above average ratings with the care regulators

We believe active fulfilled lives, promote good health and well-being.

Every home offers a mix of daily activities from entertainment to organised events. Participation is voluntary and families are encouraged to take part. Many of our homes have pets, from rabbits to ponies

To further enhance well-being we offer, hairdressing, chiropody services, aromatherapy, reflexology and visits from religious communities.
